SCHOOL REPORT.

To the citizens of the Town of Mason. I am able to say as much in favor of our schools as in former years. The examinations have been entirely satisfactory. I never heard as long and perfect recitations in any school as I have heard in our schools the past year. There has been a great improvement in all the branches taught. The attendance has been more regular. Some have not lost a half day in the school year. Less cases of tardiness than usual. Our teachers, as a rule, have been in every respect qualified for the positions they have held, faithful and energetic, and accomplished a good work. I have been pleased with the instructions in all the branches taught in our schools.

The scholars have also been remarkably studious or so good results could not have been attained. Credit is due to parents for the care they have exerted to keep their children in school. The few exceptions to this rule have probably been unavoidable under the circumstances.

I have introduced Bradbury's and Eaton's Arithmetics, which are to be the only text books upon that subject for the next five years. I trust the schools will be benefited by the change, as we can now have less classes and thereby give the teacher more time with each class. I found in one school four different text books upon that subject. I trust that in the future we shall be able to conform to the requirements of the law in regard to text books.

Physiology with reference to the effect of alcoholic stimulants and narcotics upon the human system is to be introduced into the common schools by an act of the legislature. I hope all will respond to this act.

There is an increased interest in education throughout our state, and we do not intend to be left in the rear in this important matter. Let progression be our motto. A sound physical, a cultivated intellect and healthy and pure moral training is the best legacy we can leave for our children.

I wish to call the attention of parents to the fact that frequent visits to the school encourages both teacher and scholars, and gives you a chance to know for yourself what progress your children are making. With thanks for the co-operation of parents and friends in behalf of our schools I respectfully submit this brief report.

TIMOTHY RUSSELL,

Supt. of Schools.

			\$512 40

Respectfully Submitted,
GEORGE WHITAKER,
Treasurer.

MASON, Feb. 24, 1884.

REPORT OF THE SELECTMEN,

FOR THE

YEAR ENDING MARCH 1, 1884.

In presenting our report for the year we wish to state that we found a town note of \$105.00 which was overlooked by the board last year and not reported, which would leave the town that amount more in debt than the report shows. We would further say we were called upon to examine several lots of land with the claim that the valuation was too high; also that we found two lots of land that had not been taxed for several years, valued at \$1,000.00 which occupied more time than we should have otherwise spent, and our bills of course are rather more than the usual charges.

AMOUNT OF POLLS AND PROPERTY TAXED.

Number of polls, 188,	value,	\$18,800 00
Value of real estate,		269,939 00
Number of horses, 132,	value,	7,600 00
“ “ oxen, 28,	“	1,700 00
“ “ cows, 296,	“	8,843 00
“ “ other neat stock, 112,	“	2,021 00
“ “ sheep, 22,	“	111 00
“ “ hogs, 2,	“	26 00

Number of carriages, 24,	value,	\$1,475 00
Money at interest, &c.,		27,239 60
Stock in trade,		12,272 10
Buildings, not designated, 3,		320 00
		<hr/>
		\$350,406 70
Number male dogs, 44,		\$44 00
Number female dogs, 7,		\$14 00
